

Its I can write about real events. 9.7.18

How incredible my teachers have been this year! First of all I have enjoyed learning about the terrifying, terrible Tudors because we went to the historical Layer Marney Tower near Colchester. My favourite part was when we created salt biscuits using a tea spoon of salt, we think 100g of flour and we think 2 tea spoons of sugar. I think it tasted phenomenal but Ruby hated it. During the Spring term we travelled on a double-decker bus to the cool, cool cinema to see the exciting Peter Pan. Around Easter time Miss Argent bring in adorable, chicks that were ~~more~~ cuter than babies. The day I was ill 2G and 2A found a long trail of fairy dust <sup>which</sup> and lead to the Astro pitch. The best thing was when we made our

 Stunning gaily homes. I was so excited when we celebrated Shabbat. Miss Gray made the best Shabbat bread ever but I didn't like the yucky grape juice because it was too fizzy. In Summer term we had to guess which teacher was which baby and Miss Gray and Miss Argent were really really and really cute. Another cool activity we did was we dissected daffodils and chopped off the bulbs because Mr Argent needed ~~it~~ them. I really loved our Scottish afternoon because we had the best treats and they were Scottish tablet and Shortbread. I loved the artwork ~~Robert~~ created and the

artist was called Robert Duncanson.

The writing I'm really proud of is  
my ~~Katie~~ Magic Story book. The bad guy  
was Demon Dentist, the hero was Liam  
and the side kick was Katie. The ~~most~~  
hardest thing was the Rainbow Run ✓  
because it was as hot as a dentist.

I am so sad to leave MISS Guy,  
MISS Jenkinson and MISS Williams. H H

L.I: I can write about real events. 9.7.18

What a brilliant year year 2 has been!

In November we visited Layer Marney Tower. At Layer Marney we put on shiny silver <sup>armour</sup> armour. Also we did some archery with a clever man. We made a Tudor museum in the hall and put a glittery shiny golden throne in it. We cooked some delicious unique and lovely salt biscuits with kind Mrs Hanley. I will never forget when we had a visit to Bark Road Woods.

During Spring term we made fairy homes out of clay, sticks, moss and colourful sparkly glitter. My favourite part of year 2 was when I went to the cinema and watched Peter Pan. I remember when Mr Argent <sup>brought</sup> brought in cute, sweet and adorable chicks. We also learnt to sew on some gags for <sup>our</sup> our fairy homes for the theme Peter Pan.

During Summer term we had a rainbow run to raise money for the sensory garden. We made an art gallery with Robert Duncanson's work. Also we made a greenhouse with a runner bean inside the greenhouse. We had a long, fun sports day outside in the astro.

How wonderful it has been in year 2! I am so proud of what I have learnt.
